## Garland Base Ball Organization.

### GOOD MANAGER NAMED

Team Getting in Excellent Shape to Make it Interesting for Brigham in the First Contest Saturday, May 5th.

There was a meeting held in the rooms of the Commercial Club Monday night, April 23rd, which was called for the purpose of hearing the report of the delegates, viz: W. P. Eaton and M. A. Boothe, who were appointed by the Garland Commercial Club to go to Brigham City to meet there with the delegates from the various towns in the county to discuss the Base Ball situation for the season of 1906, and if possible to organize a Box Elder League. The meeting was called for the further purpose of organizing the Garland Team for the present year. W. P. Eaton was appointed chairman, and was requested to report what had been done at the Brigham meeting. Mr. Eaton advised, that while Brigham was the only other town represented in the meeting, they were extremely enthusiastic over the proposition and expressed the desire to co-operate with Garland in the organization of said Box Elder League. After Messrs. Eaton and Boothe had submitted their report, the matter of a manager for the team for this year was brought up, and the names of W. P. Eaton and R. L. Bush were placed in nomination, which resulted in the appointment of the former as manager and the latter as assistant manager.

A committee consisting of C. J. Campbell, M. A. Boothe, H. Evans and Roy Lowe was appointed for the purpose of soliciting funds for the purpose of defraying the expenses of the trip to Brigham City on the 5th of May, when the Garland team plays the team of the former town, and also the purchase of base balls, base ball bats, etc.

M. A. Boothe, in behalf of the Garland Mercantile and Produce Co., presented the Garland team with a catcher's mit.

Chairman Eaton then brought up the matter of an entertainment, the receipts from which will go to the Base Ball Team. The matter, after thorough discussion, was left in the hands of a committee consisting of M. D. Evans, chairman, and Willis and Featherstone, who are also to solicit the aid of the Ladies' Self Culture Club. In the hands of this committee, with the co-operation of the ladies, a royal entertainment will be forthcoming.

Charles J. Campbell was appointed treasurer of the Base Ball organization. It was thought best to leave the appointment of the captain of the team to the team members themselves after the organization is more fully perfected. The manager was instructed, however, to call a general practice for Saturday, April 28th, at which all members of the team were expected to be present. The manager was requested to notify, by letter, all base ball players in this vicinity.

We have things started now, boys, and let's keep the thing going. The Brigham boys are working like Trojans, it is understood, and unless we get in and work and work with might and main, they will give us such a white-washing as we never had before, and we would, at least, like to make it interesting for them. With the management of the team in the hands of Mr. Eaton, the success of the team is assured, if you will but lend a helping hand.

### Religion Class Conference.

A conference of the Garland Religion Classes was held in this city Sunday last. Bp. W. L. Grover presiding, Dist. Supt. John H. Forsgren in charge. After the opening exercises and sacrament, Supt. Ludwig Larsen reported the work in this ward. He also reported the Garland North advanced class, Class Leader A. Vance not being present. Reports were given of the other departments of Garland North as follows: Int. Dept., Sister Marriotts; Primary Dept., Sister Manning; Supt. Larsen also gave a short report of the Garland classes and said no meeting of these classes had been held for the past three weeks.

Dist. Treasurer O. A. Seeger then presented the names of the Church Religion Class officers and they were unanimously sustained. Bp. W. L. Grover, Int. Counselor D. E. Manning, 2nd Counselor Jos. Jensen, Elders W. D. Lewis, O. A. Seeger and John H. Forsgren addressed the saints on Religion Class work. Singing by congregation. Benediction by Bp. Grover.

## Drainage and Reclamation of Soil.

### TO WASH OUT ALKALI

An Experimental Station to be Established. Co-operation of the Farmers Necessary to Make the Move.

The attendance at the meeting held last Saturday afternoon in this city under the auspices of the F. P. & C. Assn., to discuss the Alkali situation, was poorly attended there being only about thirty present. This was due to the busy season and owing to the meeting not being advertised in this section. John P. Holmgren was chairman of the meeting. Hon. Chas. F. Brown, Drainage Engineer of the office of Experiment Stations, Washington, D. C., gave a very interesting talk on "Drainage and Reclamation of Soil from Alkali." He gave a detailed account of several experiments and referred to work done in this county by some of the wide awake farmers. The drainage was the principal theory advanced. Two important questions ventilated were: 1st The necessity of co-operation to establish main outlets. 2nd Co-operation in securing proper drainage laws.

The districts effected with alkali are divided into four, Fielding, Garland, Howeville and Corinne the former place being the least effected and the latter place showing the worst condition. These districts embrace all the land from Fielding on the north to Corinne on the south, showing Fielding and Garland the least effected with alkali.

The object of the meeting was to get the co-operation of the farmers of the valley in the establishment of an experiment station in this section. After Mr. Brown's address, discussions were taken up on the subject and several tracts of land mentioned as suitable for the station. No definite action was taken. However, this is only the first of a series of meetings that will be held and we hope soon to announce that a tract of land has been selected and that the Experiment Station is a go. Chairman Holmgren, in behalf of the F. P. & C. Assn., said this matter had the hearty endorsement of all its members. Among the tracts of land mentioned for the station were the Japanese farm, Baird farm and the Adams farm at Thatcher. From 20 to 50 acres is the amount of land desired for the station. After the meeting the F. P. & C. Assn. held a short session to attend to some important business.

### Another Business For Garland.

The Hub City of the Bear River Valley.

The Foulger Sons of Ogden are about to open an up-to-date Photograph Gallery in this city their building 20x60 feet just north of the postoffice is nearing completion. Mr. Herbert Foulger is a competent photographer of long experience and a nice fellow to deal with. Up-to-date photography in all its branches is assured the people of this city and vicinity. This new gallery fills a long-felt want and will be appreciated by our citizens. Hurrah for Garland.

### Trees Being Disinfected.

County Tree Inspector W. O. Knudson left yesterday for a four or five days trip into the country on business in his line. He has lately spent two or three days at the Davis County Nurseries in company with Secretary Hickenlooper of the State Board of Horticulture and Prof. E. D. Ball of the Agricultural College, fumigating trees that are to be shipped into Box Elder County. They have gone over about \$9,000. worth of trees for this county, which we consider a very good work. It will save loss and distress in the future from fruit tree pests. On a line of trees they have found the woolly aphids, but on one line only, and they are apple trees.—Box Elder News.

Mr. Knudson was in this city Saturday last and informed us that he had gone over about 18,000 trees shipped into this county and says 50% were effected with insect blight. He will soon be through with this special work and visit the cities and farms of the county on regular trips. Farmers who desire information on the culture, care and spraying of trees will find it to their interest to consult County Tree Inspector W. O. Knudson.

Bp. Maroni Marriott of Marriott Settlement west of Ogden, who is interested in the sheep industry, was in Garland in the interest of sheep Wednesday.

## Meeting of the Ladies' Club.

### ACCEPT NEW MEMBERS

The Ladies' Self-Culture Club Continues to Increase in Membership. A Prominent Social Organization.

The members of the Ladies' Self-Culture Club were entertained Thursday afternoon at the home of Mrs. T. H. Edwards, Mrs. Somsen in the chair. After the reading of the minutes the roll was called showing fourteen members present. Mrs. Jos. Jensen was accepted as a member of the club. Mrs. W. P. Eaton and Mrs. T. H. Edwards were chosen a committee to assist Messrs. Evans, Wallis and Featherstone in arranging a social for the benefit of the Base Ball organization. A committee was named to meet at Mrs. Somsen's Monday evening, April 30, to make some changes in the constitution and by-laws. Hereafter the dues of the organization are to be paid quarterly in advance.

"Graustark" was read to the members by Mrs. Marie Wing. This story was continued until next meeting to be read by Mrs. Sellers. The meeting adjourned for two weeks to meet at the home of Mrs. Mowry. After the meeting delicious refreshments were served.

Dr. C. O. Townsend, Supt. of the Single Germ Seed Bureau of Washington, D. C., is spending this week in this city. Mr. Townsend just returned from the hospital at Salt Lake where he has been undergoing treatment for eye trouble.

Barber A. E. Harris returned yesterday from a trip to the state capital where he went to purchase an up-to-date line of unsonal supplies for his new shop. He also purchased H. F. Miller's goods.

When you receive a copy of The Garland Globe marked "Sample Copy," know ye by that sign that it is time you had your name added to our growing list of subscribers. Subscribe to-day.

R. Gustav Michaelis, the miller for the new flour mill, was in Garland on business Thursday.

This is examination week in our public schools. Quite a number of students will graduate from both schools. We will publish the list of graduates as soon as we learn who the successful students are.

### Caught Cold While Hunting a Burglar.

Mr. Wm. Thos. Lanougan, provincial Constable at Chapleau, Ontario, says: "I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured." This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by Ritter Bros Drug Store.

### Good Word From Brigham.

Brigham City, April 3, 1906. The Garland Commercial Club, Garland, Utah.

Gentlemen: Referring to your letter of March 16th, relative to the establishment of an exchange of courtesies between the various Commercial Clubs, I am pleased to inform you that at the last regular Board Meeting of this organization, it became the unanimous consent that the Box Elder Commercial Club establish reciprocal relationship with the Garland Commercial Club, and any members of your organization when visiting this city will be permitted the privileges of our club upon presentation to the Secretary of their regular membership cards.

Trusting this action will meet with your approval, and that it will be mutually beneficial to both organizations, I beg to remain, Very truly yours, E. W. Dunn, Secy. & Mng'r.

### Clipper Notes.

William Parke and wife left Wednesday for their home in Box Elder Co.

Miss Dollie Arbuckle and William Parke of Riverside, Box Elder Co., were married last Thursday evening at her home. Bishop Stoker performed the ceremony. They will make their home in Box Elder County.—Davis County Clipper.

Joseph Corbett, the chief mechanical engineer of the Sugar factory at Garland, was in town on business Wednesday. Mr. Corbett speaks very highly of Garland and the advancement that town is making. We learned from Mr. Corbett that his daughter Millie is expecting to open a dressmaking and millinery parlor at Bancroft, Idaho, where her home is. Miss Corbett studied dressmaking in Logan, last year, and is taking the course there in tailoring, this season. She will complete this last course now in two or three weeks, when she will return home to undertake the work above mentioned.—Davis County Clipper.

Get the Habit of TRADING at BOOTHE'S.

**This Week's Arrivals**

Get the Habit of TRADING at BOOTHE'S.

**Baseball Goods, Fishing Tackle, Guns, Ammunition, etc.**

We also have the agency for—  
**Edison Phonographs & Records.**  
**Boothe Mer. & Produce Co.,**  
THE MOST POPULAR STORE IN BOX ELDER COUNTY.

**Riverside.**  
Riverside wants to be heard from through the columns of the Globe. We feel a friendly interest in Garland and all her enterprises, for, are we not of the west side and would we not do anything to boost our own section of the valley? When Garland has reached the stage where the "pipe-dream" is no dream, Riverside will be proud to be a part of the great metropolis and maintain her identity as Harlem does in Greater New York. Harlem was once a flourishing city entirely separate from and independent of New York. As the intervening country gradually built up it became evident that either Harlem or New York must become extinct. The stronger prevailed and the united mayoralty was known as the City of New York. In later years by prefixing the word "Greater" the city of Brooklyn, which had long ago swallowed up the city of Williamsburg was included and altogether they are known as Greater New York. History repeats itself. Let Garland extend her enterprises until the Factory street is an unbroken line of business blocks with paved streets, electric lights and trolley cars, to W. H. Parke's new residence and we will be willing to disperse with our mayoralty and admit that Riverside and upper Garland are synonymous terms.

**Big Show at Garland To-night.**  
Of all the great American plays, the old historical drama, "Uncle Tom's Cabin" has the strongest hold on the public. This is beyond question one of the best plays ever written, hence the warm place it retains in the hearts of the people of every city. The greatest production that this American play has ever had will be given at Garland to-night Saturday, April 28, under the management of John F. Stowe. Mr. Stowe's company numbers some fifty people, traveling in their own special train of cars and showing under a monster water-proof tent, seating two thousand people, which includes five hundred reserved opera chairs. Everything new on their western tour this season, and it is safe to say that it is the largest and best Uncle Tom's Cabin company in the world. The musical features include a military band of twenty solo artists under the personal direction of Prof. Hayworth and an operatic orchestra of ten pieces. Prices 25 and 35 cents.

**Brigham Sends Carload.**  
Brigham City, April 23.—As the result of efforts of the business men, relief societies and citizens of Brigham City generally, a carload of food and clothing left here for San Francisco this afternoon. A benefit dance at the Academy of Music and contributions raised a fund of more than \$500, which is being spent for necessities.—Inter-Mountain Republican.

**Journal Plant Pulls Out.**  
The type, cases and stands of the Garland Journal plant that were stored in the shanty north of the Henrie House were loaded up Tuesday morning and taken back to Brigham City by Drayman John Funk. Mr. Funk was sent out from Brigham to assist in the removal of the mill machinery from the car and while here got a message to bring back the Garland Journal plant, thus killing two birds with one stone.

**SALE OF REAL ESTATE & PERSONAL PROPERTY**  
Barber H. F. Miller, who has successfully conducted a barber shop in this city for some time past, sold all his consorsial goods to Barber Harris the fore part of the week. Mr. Miller also disposed of the Sasser Restaurant property on Factory street to John Owens of Fielding and Tremont, the consideration being \$1,200. This property consists of a piece of land 40x48 with a substantial building on it. Mr. Miller has other property in this city which he is also offering for sale. He left yesterday for Salt Lake City where he intends to resume his consorsial work and make that city his home.

**Not much excitement in town this week—only Joe Olsen's bay horse got his foot over the neckyoke and went down in the mud in front of Boothe's store. No damage done, but it brought out a few spectators.**

**JUST ARRIVED!**

A nice assortment of Men's Spring Suits and Pants; Also a Fine Assortment of Children's and Youth's Suits for Spring and Summer.

We can fit your boys up from head to foot at the right prices. Call and look over our line before you buy.

Yours Resp.

**W. A. RAY.**
